

Liive Website Welcome Page Video Transcript

hi

we're LIVE

Liive (logo)

from the American Heart Association

and we're here to celebrate you the streamers

who dance

who play

who make us laugh

who do...whatever this is

Because that all creates a space for us to relax, unwind, destress, laugh, cry, connect, belong, care

and that's important

because a healthy mind

leads to a healthy heart

so let's team up

so let's stream up

and go live to save lives

because stream work makes the dream work

which, for us, is a healthy you.
